US GAAP, Multi-entity close
SaaS metrics (ARR/MRR, CAC, churn)
Consumer lending · SOX 404 / PCAOB
Financial modeling · Due diligence

EXPERIENCE

Finance Manager · Kora Financial Inc. (formerly Westbon)

Dec 2021 – Present

- **AI-assisted automation:** Built a full-cycle finance automation workflow using AI tools and API integrations, covering routine report generation and the full month-end close procedure. Reduced the month-end close cycle from 15 days to under 3 days.
- **Performance analytics & reporting:** Designed management reporting frameworks tracking portfolio performance, burn rate, and product-level P&L; conducted monthly variance analysis on vendor expenses and revenue for management decision-making.
- **SaaS model & due diligence:** Built SaaS-style metrics analysis to support investor due diligence, including ARR/MRR, CAC, and revenue concentration based on financial and customer data.
- **System migration:** Led full migration from NetSuite to QuickBooks Online, including data archiving, chart of accounts mapping, and QBO setup and configuration. Managed data validation and parallel close to ensure accuracy across periods; reduced annual software costs from \$24K to under \$4K.
- **Audit & tax:** Led audit processes, preparing workpapers, responding to technical inquiries, and resolving data issues; managed tax filings and IRS correspondence, including dispute resolution that saved \$35K in penalties.

Senior Accountant · Westbon Inc.

Jul 2019 – Dec 2021

- **Period-end close & multi-entity consolidation:** Owned end-to-end US GAAP close activities in NetSuite, including JE preparation, balance sheet substantiation, and consolidation entries across multiple legal entities.
- **Daily accounting & operations collaboration:** Partnered with operations to verify loan payment data, processed payroll, and identified and corrected errors in the loan management system to maintain accuracy.
- **Cross-functional finance framework:** Built SOX-based internal control framework across finance and other departments, standardizing workflows with defined segregation of duties and approval authorities across payments, vendor contracts, and loan processing, reducing manual errors and control deficiencies.

Senior Budget Analyst · YooLi P2P Lending LLC

Nov 2017 – Sep 2018

- **Budgeting and variance reporting:** Led annual budget preparation and periodic cost reviews using Oracle; delivered budget-vs-actual variance analysis and management commentary to executive leadership.

Staff Auditor · KPMG LLP

Oct 2015 – Nov 2017

- **SOX 404 & US GAAP audits:** Performed interim and year-end audits for public company clients, including internal control walkthroughs, risk assessment, and substantive testing across balance sheet and P&L accounts.
- **Government investigation & complex engagements:** Identified and escalated material misclassification of government subsidies; conducted substantive testing in a fraud investigation covering disbursement records and grant compliance.

EDUCATION

M.S. Accounting · University of Illinois at Chicago

Sep 2012 – May 2014

B.A. Accounting · Beijing Institute of Petrochemical Technology

Sep 2008 – Jun 2012
